

EVALAM

REACH and RoHS Compliance

European Directive 2006/1907/EC (REACH)

EVALAM is sold as Article as defined by the REACH Regulation. All raw materials used by Hornos Industriales Pujol, S.A. (PUJOL) to manufacture EVALAM contain substances that are confirmed to be pre-registered, or registered, in the European Union per the REACH Regulation (EU 2006/1907/EC).

Article 33. Communication of information on substances in articles

PUJOL provides the following information about substances identified by the European Chemical Agency (ECA) as candidates for Annex XIV of REACH (updated as of June 18th, 2020).

To the best of PUJOL's knowledge, EVALAM manufactured by PUJOL do not contain substances that are on the list of "Substances of Very High Concern" or SVHC's, as defined by REACH Regulation, at or above concentrations required for reporting. PUJOL will continue to monitor the semi-annual issuance of candidates SVHC's issued by the ECA.

European Directive 2015/863 (RoHS3)

Based on the information provided by our supplier, EVALAM meets the requirements of Directive 2015/863 on the restriction of the use of certain hazardous substances in electrical and electronic equipment and does not contain RoHS3 restricted substances.
